SUPPLEMENTARY INFORMATION: The Tribes propose that approximately 45 acres of

land be taken into trust and subsequently, two casinos, two hotels, parking and other facilities supporting the casinos be constructed on the proposed trust acquisition property. The subject property is located within the incorporated boundaries of the City of Barstow, San Bernardino County, California, just east of Interstate 15. State Highways 58 and 247 and Interstate 40 are located nearby.

The site is predominantly undeveloped, bounded on the north by Mercantile Way, on the west by Lenwood Road and commercial/light industrial development, on the south by vacant Bureau of Land Management land and on the east by vacant land. The proposed project is to develop two adjacent casinos of approximately 49,000 square feet each. Associated facilities which would be constructed include food and beverage services, retail space, banquet/meeting space and administration space. Food and beverage facilities would include two full service restaurants, two food courts of four venues each, two coffee shops and two lounge bars. Two five-story hotels, each having approximately 100 rooms, would also be constructed. Approximately 3,900 parking spaces would be provided, of which about one-fourth would be in two equally sized garages. Regional access to the project site is via Interstate 15 and State Highway 247. Lenwood Road and Mercantile Way would provide direct access to the proposed casino resort.

Areas of environmental concern to be addressed in the EIS include land resources, water resources, biological resources, cultural resources, traffic and transportation, noise, air quality, public health/environmental hazards, public services and utilities, hazardous waste and materials, socio-economics, environmental justice and visual resources/aesthetics. In addition to the proposed action, a reasonable range of alternatives, including the no-action alternative, will be analyzed in the EIS. Other possible alternatives currently under consideration are two reduced-intensity alternatives and two alternate sites. The range of issues and alternatives may be expanded based on comments received during the scoping process.

NOTICE OF PREPARATION

NOTICE OF PREPARATION

DATE: April 25, 2006

TO: Interested Persons

FROM: Los Coyotes Band of Cahuilla and Cupeño Indians and
Big Lagoon Rancheria

SUBJECT: **NOTICE OF PREPARATION OF A DRAFT TRIBAL
ENVIRONMENTAL IMPACT REPORT**

PROJECT TITLE: **Barstow Casino**

PUBLIC REVIEW PERIOD: April 25 – May 25, 2006

The Los Coyotes Band of Cahuilla and Cupeño Indians and Big Lagoon Rancheria (hereinafter collectively referred to as “the Tribes”) propose to build a new casino/hotel facility on land located within the incorporated boundaries of the City of Barstow, San Bernardino County, California. Section 11 of the Tribal/State Compacts between the State of California and the Tribes, requires the Tribes to prepare a Tribal Environmental Impact Report (TEIR) assessing the Off-Reservation environmental impacts of the proposed Barstow Casino Project (Proposed Project).

To reduce paperwork and eliminate redundancy, the TEIR will be prepared in coordination with the Environmental Impact Statement (EIS) that is being prepared for the project in compliance with the National Environmental Policy Act (NEPA), resulting in a joint “Draft EIS/TEIR.” Applications have been filed with the Bureau of Indian Affairs (BIA) to take approximately 45 acres of land into trust on behalf of the Tribes and both Tribes will seek approval of their management contracts by the National Indian Gaming Commission (NIGC). These federal actions trigger federal agency compliance with the National Environmental Policy Act (NEPA). Notice of the BIA and the NIGC’s initiation of the EIS was published in the Federal Register on April 19, 2006.

Project Location

The proposed site located in Barstow is just east of Interstate-15. State Highways 58 and 247 and Interstate-40 are located nearby (**Figure 1** and **Figure 2**). The site is bounded on the north by Mercantile Way, on the west by Lenwood Road and commercial/light industrial development; on the south by vacant Bureau of Land Management land; and on the east by vacant land (**Figure 3**).

Project Description

The Tribes propose that approximately 45 acres of land be taken into trust and that two casinos, two hotels, parking, and other facilities supporting the casinos be constructed on the trust acquisition property. The Proposed Project is to develop two adjacent casinos of approximately 49,000 square feet each. Associated facilities include food and beverage services, retail space, banquet/meeting

space, and administration space. Food and beverage facilities would include two full service restaurants, two food courts with four venues in each food court, two coffee shops, and two lounge bars. Two hotels each having approximately 100 rooms and five stories would be constructed. Approximately 3,900 parking spaces would be provided.

Project Objectives

The primary objectives of the Proposed Project are to assist in improving the long-term economic base of the Tribes by providing a sustainable revenue base, and to provide a way for tribal members to become more economically self-sufficient. The new revenues would be used to strengthen the tribal government and fund a variety of programs that would improve the long-term welfare and quality of life of the tribal members. These programs include cultural and historical preservation and education, improving tribal housing, providing new tribal housing, funding a variety of social, governmental, administrative, educational, health and welfare services to tribal members, and to provide capital for other economic development and investment opportunities.

Additionally, the proposed economic development would provide support for the City of Barstow, create long-term employment opportunities for non-tribal members and the opportunity to purchase support goods and services within the City and San Bernardino County.

Environmental Requirements of the Tribal-State Compact

Provisions in Section 11 of the Tribal-State Gaming Compacts entered into between the Tribes and the State of California requires that detailed information about the Significant Effect(s) on the Off-Reservation Environment, which the Project is likely to have be set forth and that ways in which Significant Effects on the Environment might be minimized be listed in an Tribal Environmental Impact Report.

Potential Off-Reservation Environmental Effects

The Draft EIS/TEIR will analyze potential Off-Reservation environmental impacts. Specific environmental issues that will be addressed in detail within the Draft EIS /TEIR include the following:

- *Land Use* – Analysis of the Proposed Project’s compatibility with surrounding land uses.
- *Soils and Geology* – Evaluation of the on-site topography, geologic setting, soils, seismicity, and mineral resources to determine the project’s effects on off-reservation lands.
- *Transportation and Circulation* – Assessment of the potential impacts to Off-Reservation roadways and transportation systems.
- *Noise* – Assessment of the potential noise generating impacts to Off-Reservation sensitive receptors surrounding the project site.
- *Air Quality* – Assessment of the project’s impact on regional air pollutants and their precursors as well as localized fugitive dust impacts utilizing the appropriate air quality

modeling tools. The analysis will address both indirect (long-term) and any construction level (short-term) impacts.

- *Biological Resources* – Analysis of the project’s short-term (construction) as well as long-term impacts on “waters of the U.S.” and other biological resources surrounding the project site.
- *Hazardous Materials* – Assessment of address potential off-reservation hazards and potential impacts resulting from the storage and use of hazardous materials on the project site during construction and operation of the project.
- *Hydrology, Drainage, and Water Quality* – Assessment of the project’s impacts to drainage patterns and water quality to surrounding water resources.
- *Public Services* – Analysis of the project’s short-term (construction) and long-term (indirect) impacts to existing sewage, collection and treatment facilities; water supply and distribution facilities; and police protection, fire protection, and emergency medical services.
- *Aesthetics* – Analysis of project-related visual impacts to the surrounding environment, including but not limited to visual resources along U.S. Highway 101.
- *Growth Inducing, Cumulative, and Direct and Indirect Effects* – Analysis of growth inducing and cumulative impacts on the surrounding environment. The Draft EIS/TEIR will also identify and describe direct and indirect significant effects on the off-reservation environment giving due consideration to both the short-term and long-term effects.

The *Off-Reservation Environmental Impact Analysis Checklist* for the Proposed Project is included as **Exhibit A** of this NOP.

Discussion of Alternatives

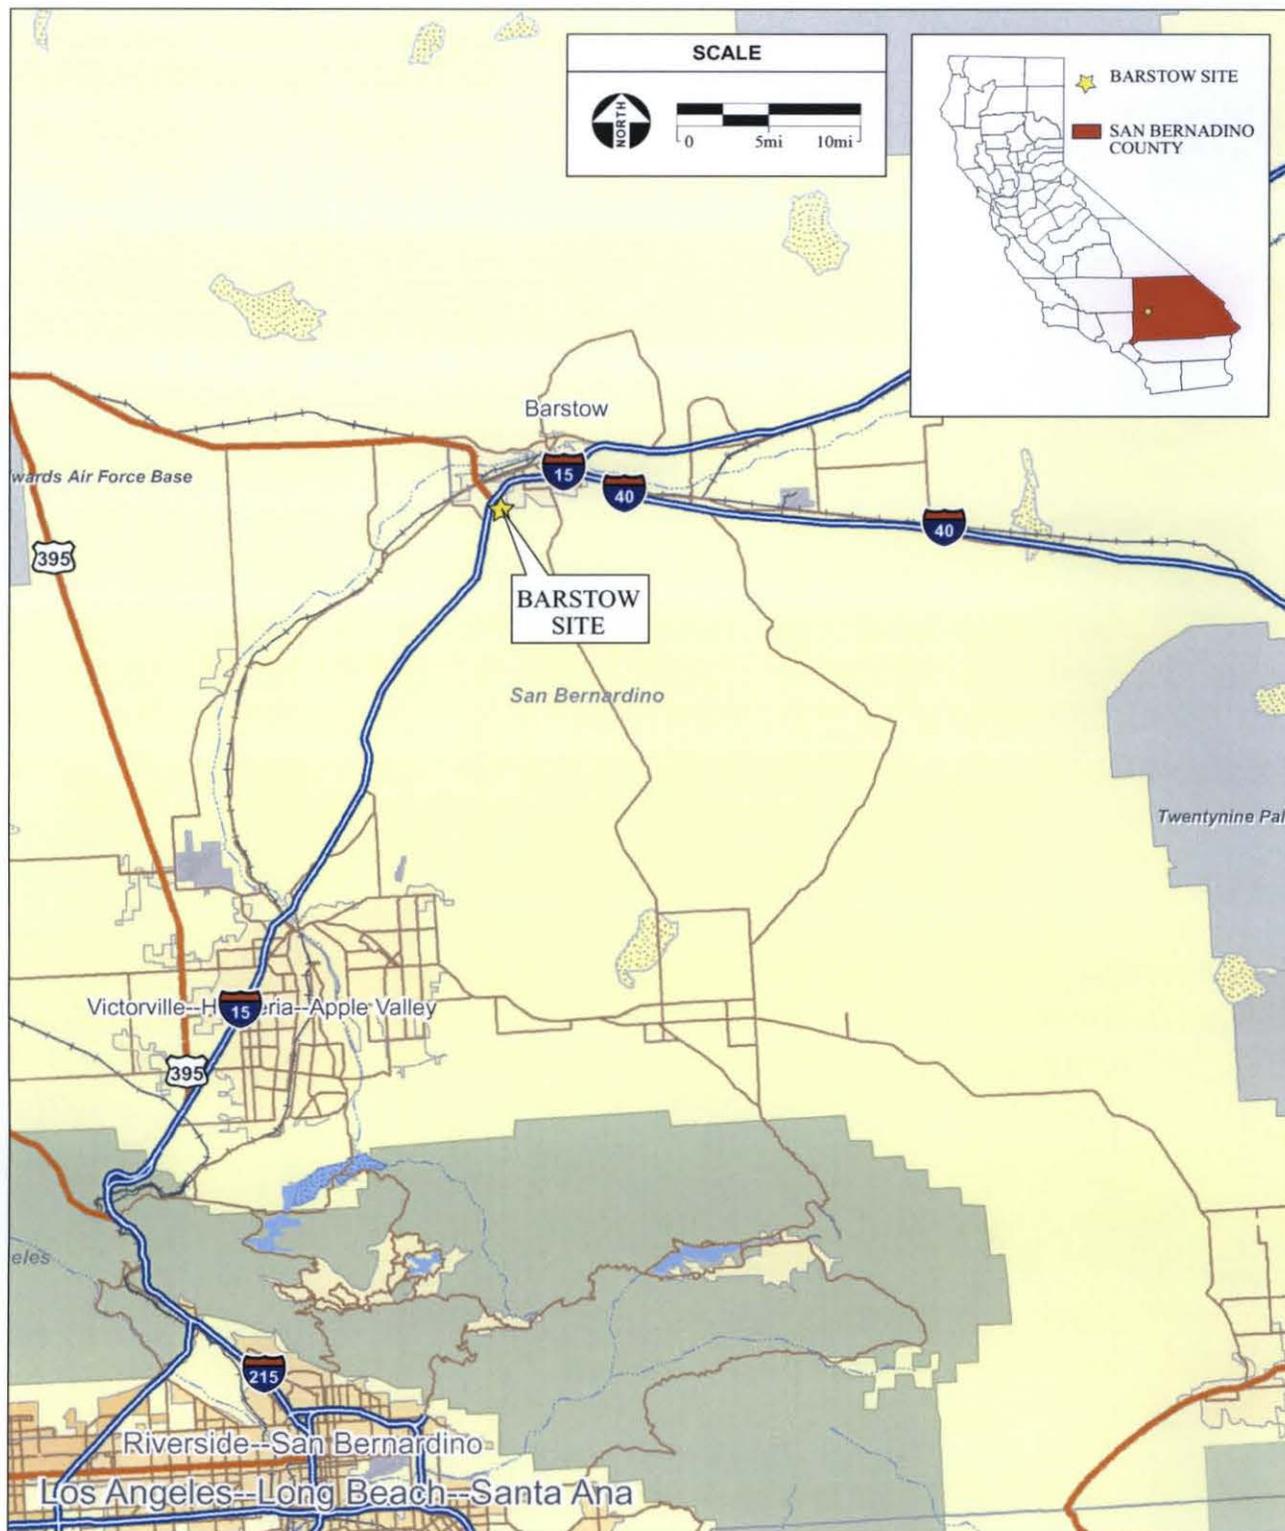

In addition to the analysis for the Proposed Project, the Draft EIS/TEIR will describe a range of reasonable alternatives for the Proposed Project. The alternatives will be described and contrasted with the project in terms of the extent to which they can achieve the project objectives, while minimizing the impacts of the Proposed Project.

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: This notice advises the public that the Bureau of Indian Affairs (BIA) as lead agency, with the National Indian Gaming Commission and Los Coyotes Band of Cahuilla and Cupeño Indians (Tribe) as cooperating agencies, intends to gather information necessary for preparing an Environmental Impact Statement (EIS) for the Tribe's renewed application for a proposed 45-acre fee-to-trust transfer and casino and hotel project to be located in San Bernardino County, California. The BIA did not approve the original application as submitted, hence published a Notice of Cancellation of work on the EIS on May 19, 2008, in the **Federal Register** (73 FR 28841).

DATES: Written comments on the scope and implementation of this proposal must arrive by July 7, 2008.

The BIA published a Notice of Intent to prepare an EIS for the original application on April 19, 2006, in the *Federal Register* (71 FR 20126). The notice included project details, which remain unchanged in the renewed application. As this notice on the renewed application in effect resumes work on the EIS, public scoping for the issues and alternatives to be analyzed in the EIS has already been done. The BIA will not, therefore, hold any additional public scoping meetings. This notice, however, does provide the public another 30-day period to submit comments on what should be covered in the EIS.

Areas of environmental concern identified for analysis in the EIS include land resources, water resources, biological resources, cultural resources, traffic and transportation, noise, air quality, public health/environmental hazards, public services and utilities, hazardous waste and materials, socio-economics, environmental justice and visual resources/aesthetics. In addition to the proposed action, alternatives identified for analysis include no-action, reduced-intensity development and two alternate sites. The range of issues and alternatives are open to expansion based on comments received in response to this notice.

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

Environmental Impact Statement for the Renewed Application for the Proposed Los Coyotes Band of Cahuilla and Cupeño Indians Fee-to-Trust Acquisition and Casino-Hotel Project, San Bernardino County, CA

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of correction.

SUMMARY: Bureau of Indian Affairs (BIA) is correcting its previous Notice of Intent (NOI) to prepare an environmental impact statement (EIS) for the Los Coyotes Band of Cahuilla and Cupeño Indians' renewed application for a Proposed Fee-to-Trust Acquisition and Casino-Hotel Project in San Bernardino County, California. The corrections include adding cooperating agencies, reducing the acreage proposed for acquisition, and changing certain project details to reflect a smaller proposed development.

DATES: Comments on the scope of the EIS will be accepted until March 20, 2009.

ADDRESSES: You may mail or hand carry written comments to Dale Morris, Regional Director, Pacific Regional Office, Bureau of Indian Affairs, 2800 Cottage Way, Sacramento, California 95825.

FOR FURTHER INFORMATION CONTACT: John Rydzik, Chief, Division of Environment, Cultural Resources Management and Safety, BIA Pacific Region (916) 978-6051.

SUPPLEMENTARY INFORMATION: This notice advises the public that the BIA is correcting its previous NOI to prepare an EIS for the Los Coyotes Band of Cahuilla and Cupeño Indians' renewed application for a Proposed Fee-to-Trust Acquisition and Casino-Hotel Project in San Bernardino County, California,

which was published on June 6, 2008 (73 FR 32354). The NOI did not include the names of two additional cooperating agencies; provided a larger acreage of land to be transferred from fee to trust status; and contained some inaccuracies in the details of the proposed casino and hotel project. Therefore, this notice is being published, pursuant to the BIA National Environmental Policy Act (NEPA) Handbook, section 6.4(A)(1), to supplement the June 2008 NOI by:

- Adding the U.S. Environmental Protection Agency and the City of Barstow, California, as cooperating agencies, in addition to the National Indian Gaming Commission and the Los Coyotes Band of Cahuilla and Cupeño Indians;

- Establishing that the proposed land acquisition would involve approximately 23.1 acres, rather than the 45 acres stated in the June 2008 NOI; and

- Correcting the proposed project details represent a smaller proposed development compared to the Los Coyotes Band of Cahuilla Cupeño Indians' original application (specifically, the corrected details are that the proposed project would include a proposed casino of approximately 89,003 square feet, a 160-room hotel, 3,000 parking spaces, and associated food and beverage facilities, retail space, banquet/meeting space and administrative space).

Alternatives identified for analysis include the proposed action, a no-action alternative, a reduced-intensity development alternative, a non-gaming development alternative, and an alternative development location alternative. Additional information, including a map of the project site, is available by contacting the person listed in the **FOR FURTHER INFORMATION** section of this notice.

Dated: March 12, 2009.

Deputy Assistant Secretary for Policy and Economic Development.
